[Associated Press by Fed. Wireless.]

BRITAIN TAKES HEED
TO U. S. DEMANDS.

WASHINGTON, D. C., Jan. 4.—The first announcement coming from the British government in reply to President Wilson's demands for an understanding in regard to the treatment to be accorded to American commerce abroad, has the effect of clearing one of the points of dispute.

A statement was issued yesterday by the British embassy here, which is the first communication received since the publication of the American note to Great Britain. Among other matters, it publishes the declaration of the British government that American shipments of rosin and turpentine which had been sent out before these naval stores were declared conditional contraband of war, would be paid for if seized by British warships.

The announcement stated that the negotiations now proceeding in London to modify the embargo on rubber shipments had been retarded by the discovery that this article had been in some cases shipped from the United States to Europe under disguise.

CONSCRIPTION LOOMS
UP FOR BRITONS.

LONDON, Eng., Jan. 4.—Conscription for Great Britain was broadly hinted at as a serious government proposal in the course of a speech made in the house of commons on Saturday by Thomas Macnamara, the parliamentary secretary of the admiralty. Although a recruiting boom is in progress and thousands weekly are offering themselves for service during the period of the war, the recruits are made up to a large extent by those who have dependent relatives and are otherwise men of responsibility.

Those in charge of the recruiting report a lack of response to the call on the part of young men without dependents, who appear to lack a sense of their responsibility towards the national safety.

Referring pointedly to this class, the admiralty secretary said: "If they think they are going to enjoy the freedom that is theirs at the expense of others, who are going forward to the front, they won't enjoy it much longer."

The program of the admiralty and the war office calls for many more men than are yet available, and it is necessary that the recruiting be expedited now, in order that the raw material may be whipped into shape in order to be able to take places in the fighting line in the early summer.

INSANE MAN CONFESSES TO DOUBLE CRIME

[Associated Press by Fed. Wireless.]
SALEM, Oregon, Jan. 4.—A crime which shocked the entire northwest and which nearly cost the life of an innocent man, has just been cleared up by the confession of John Sieroks, an inmate of the insane asylum. He has made a complete confession of the killing of Mrs. Daisy Wehrman and her little son, who lived in a cabin at Scappoose, Oregon. The crime was committed in 1911. Sieroks has been under suspicion from some remarks he dropped, and when confronted with a lock of his own hair, which was taken from the clench of the dead woman, he broke down and admitted the double murder.

Public indignation was aroused to a white heat by this crime, and unremitting efforts have been made to detect the murderer. John Arthur Pender was arrested, convicted on circumstantial evidence, and sentenced to be hanged. His case has been dragged out owing to the uncertainty of his guilt. He will be freed at once.

GERMAN OFFICIAL
REPORT CLAIMS VICTORIES.

LONDON, Eng., Jan. 4.—The official announcement from Berlin, issued yesterday, reports that the situation in East Prussia and North Poland has not changed, and that a week's battle has resulted advantageously to the Germans on the Vistula, while the main attack still proceeds.

The despatch relating to these operations says: "The situation is unchanged in East Prussia and North Poland. 'West of the Vistula river we captured a strong Russian supporting point at Borgimow, after several days' hard fighting. 'Our attack is proceeding east of the Rawa river.'"

The Vienna announcement yesterday was confined to a report of the operations in the vicinity of New Sadow, and claims to have repulsed the Russian attack and to have captured a height held by the enemy at Gorlice. The announcement says: "The enemy's repeated attempts to break our front west of Gorlice, in Galicia, have been unsuccessful. Besides steadily repulsing all attacks, we have stormed and captured a height commanding the enemy's position south of Gorlice."

TURK REPORT SAYS
RUSSIANS LOSE HEAVILY.

CONSTANTINOPLE, Turkey, Jan. 4.—An official announcement issued last night reports Turkish successes in the invasion of Transcaucasia and a victory of a Turkish-Persian force. The announcement says:

"Our troops have taken Ardahan, an important fortified town northwest of Kars, the place being occupied on Friday. The Russians lost heavily and fled before our advance. 'We, with the assistance of Persian tribesmen, completely defeated a force of 4000 Russians near Saonbulak.'"

It is reported here that a number of transports, loaded with Russian prisoners captured in the recent battles, are en route from Turkish Armenia.

The German steamship Katana was declared an auxiliary cruiser and interned in the harbor of Antofagasta, by Chilean authorities.

He will relieve Captain Philip Andrews of the Maryland, who is ordered to Goat Island as commandant. The cruiser Maryland will sail on Monday for the coast of Mexico, taking the station of the cruiser Denver which has been on patrol duty in Mexican waters. The Denver is expected to arrive Monday at Mare Island navy yard for a lengthy overhauling.

BUSINESS CONDITIONS SHOW IMPROVEMENT

[Associated Press by Fed. Wireless.]
WASHINGTON, D. C., Jan. 4.—The United States chamber of commerce reports that business conditions throughout the country now show generally reassuring prospects. It is acknowledged that the war in Europe had been having a widespread depressing effect. However, many of the factories which have been idle are now reported to be preparing to resume work.

CIVIL SERVICE BODY TO REMAIN IN OFFICE

Members of the fire and police civil service commission, appointed last week as one of the closing acts of Mayor Fern, will not resign despite any friction with incoming Mayor Lane, according to the commission's chairman, Lorrin Andrews.

"We will not resign," Andrews declared. "The civil service commission is supposed to be a non-political organization and therefore cannot play politics, either for or against Mayor Lane, and we will continue to hold the offices to which we have been appointed."

The announcement followed the report that the newly appointed commissioners would offer their resignations when Lane took office today to prevent friction with the new officials.

The American Peace Society is planning a peace congress to take place in San Francisco during the Panama-Pacific exposition.

CALIFORNIA LAWMAKERS MAY GO SLOW ON ANTI-ALIEN LEGISLATION

Fears for Drastic Action Are
Now Thought to Be
Groundless

[Associated Press by Fed. Wireless.]
SACRAMENTO, Cal., Jan. 4.—From present indications there will be no momentous legislation undertaken by the new legislature. Those who feared further trouble would be stirred up by the enactment of radical anti-alien measures by the new legislature are beginning to regard their apprehension as groundless. The administration forces control the state senate, and will probably have control of the assembly.

DAN HANNA "WENT SOME" WHILE IN YOKOHAMA, TOO

Dan R. Hanna's career in Yokohama evidently rivalled in "zip" and zest his few days in Honolulu. The

"If the manner of the arrival of Mr. D. R. Hanna, son of the late Mark Hanna, with his friends and the remarking of Mr. J. A. Harmsen's house on the bluff for a period of two months, caused surprise and comment a still greater surprise and sensation was the manner of his departure on the 6th instant. The night before, the party was said to have been a gay one and neither Mr. Hanna nor his friends thought of leaving, but about noon he (or his friends) suddenly decided to leave on the Nippon Maru, then in port and scheduled to sail at 3 p. m. Shortly afterwards his valet was chasing around the town paying

bills for many thousand yen worth of purchases made previously, packing was vigorously pushed; the boat was held up awaiting arrival and the stay in Japan lasted three weeks instead of the two months looked forward to and planned."

ONE SPOONFUL GIVES
ASTONISHING RESULTS

Honolulu residents are astonished at the QUICK results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-Ka. This remedy acts on BOTH upper and lower bowel and is so THOROUGH a bowel cleanser that it is used successfully in appendicitis. ONE SPOONFUL of Adler-Ka relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it, the gasses rumble and pass out. The Holister Drug Co.—advertisement.
